

Wisconsin Film Festival Campfire Theme Song

It's been a long cold winter full of ice and snow
Now the spring has come and it's time to go
back to the movies turn the lights down low
turn your cell phones off and we'll start the show

go to Union South, grab a slice and a beer
you can walk to your seat with a volunteer
From the Capitol theater to the library mall
Chazen, Elvehjem, Sundance and Vilas Hall

turn the lights down low, turn the lights down low

Turn the lights down low

Wisconsin

Turn the lights down low

Film Festival

Turn the lights down low

Get out there

Turn the lights down low

Film Festival (x2)
